

Range: Accessory

Ref: 90464 - Transformer for DIN rail mounting 230 - 12 Vac - 18VA

> Presto Transformer for DIN rail mounting - 3 modules

> Safety norms and standards:

- Safety Standard EN61558
- EMC Standard EN55022/B - EN61000-4
- CE European Directives CE 2006/95/ECC - 89/336
- Degree of protection IP 20

> Service conditions

- Service condition continuous
- MTBF (MIL HDBK217) ~ 250'000 h
- Service temperature - 10°C / + 40°C
- Relative humidity 5 % ÷ 90 %

> Voltage and Current

- Nominal input voltage 230 Vac +/- 10%
- Nominal frequency 48 - 63 Hz
- Nominal output voltage 12 Vac
- No-load voltage 14,3 Vac
- Output voltage precision ± 5 %
- Nominal output current 1,5 A
- Nominal power 18 VA

> Protection

- Overload protection PTC
- Short circuit protection PTC

> Dimension:

- width 52,5mm, height 93mm, thickness 66mm
- weight 0,38Kg
