

**Range:** Accessory

**Ref:** 90610 - Transformer for DIN rail mounting 230 - 12 Vac - 75VA

## > Presto Transformer for DIN rail mounting - 8 modules

### > Safety norms and standards:

- Safety Standard EN61558
- EMC Standard EN55022/B - EN61000-4
- CE European Directives CE 2006/95/ECC - 89/336
- Degree of protection IP 00

### > Service conditions

- Service condition continuous
- MTBF (MIL HDBK217) ~ 250'000 h
- Service temperature - 20°C / + 50°C
- Relative humidity 5 % ÷ 90 %

### > Voltage and Current

- Nominal input voltage 230 Vac +/- 10%
- Nominal frequency 48 - 63 Hz
- Output voltage 12 Vac
- No-load voltage 13,5 Vac
- Output voltage precision ± 5 %
- Nominal output current 6,25 A
- Nominal power 75 VA

### > Protection

- Overload protection PTC
- Short circuit protection PTC
- Protection on Primary Side – Thermofuse 145°C
- Protection on Secondary Side – Fuse

### > Dimension:

- width 140mm, height 93mm, thickness 66,5mm
- weight 1,05Kg
